

Does your dog like to run?

Love to Fetch a Ball?

Play Tug of War?

Do you just like spending time with your dog?

Then check out FLYBALL!!!!

Flyball is an exciting competitive event in which teams compete in relays. Dogs leave their owners and run out, jumping over a series of 4 hurdles, hit a "box" which ejects a ball for the dog to catch, and then the dog returns back over the same jumps to the start line where the next dog takes off. The team that has all 4 of their dogs run with no errors in the fastest time wins the race.

Flyball is a fast moving, fun sport for the entire family. Flyball is a non discriminating sport open to all breeds including mixed breeds as well as all sizes of dogs.

If you are interested in learning more about flyball and your dog is physically sound and gets along well with other dogs we would love to show you more about the sport.

Rocket Dog Racers has classes forming soon.
